Something wrong! There has been no "easy money" salesmen in Lexington for some time. The "pickings" should be pretty good after this long interval.

Ever Get Bilious? Try This

NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy,

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

"No" and appetite return and you feel yourself entirely, completely relieved.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every year.

If you've not already done so, get a box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

•Nature's Remedy (NR Tablets) is sold everywhere and recommended by your druggist.

Pleasure in Production.
Every blade of grass is a study; and to produce two where there was but one is both a profit and pleasure.—Lincoln.

Yeth, indeed it is.
Said the factious fellow: "It's pretty hard to convince a mere man that his wife hasn't a thing to wear when he has to wait two hours before theater time for her to put it on."

Dependent on Language.
Many thoughts are so dependent upon the language in which they are clothed that they would lose half their beauty if otherwise expressed.—Ruskin.

Poison Bottle Warning.
To distinguish bottles containing poisons from the dark a sandpaper band to encircle them with an opening for their labels has been invented.

How the Months Were Named.
January gets its name from Janus; February from Febru—purification—a Sabine word; March from Mars; April from aperio—open; May from Maia, goddess of growth; June from Junius; July from Julius; August from Augustus; September from septem—seven; October from octo—eight; November from novem—nine; December from decem—ten.

True Patriotism.
Had I a dozen sons—each in my love alike—I had rather had eleven die nobly for their country than one voluptuously surfeited out of action.—Shakespeare.

Loss of Appetite
As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. Ad.
